Newsletter

Monthly Newsletter for September/October 2022

From the Desk of the Director . . .

Welcome to the 2022-2023 Program year! We are very happy to announce that parents and volunteers are now allowed to enter our buildings! This has been a long two years without having parents and volunteers as part of our program and we have missed you!!

We will be following the guidelines provided by the state of Vermont that shows the COVID risk for each county, so when it is in the orange zone for Windsor county, we will be closing our centers again and only allowing children and staff to enter. Our goal is to keep the children and staff as safe as possible, so we appreciate you understanding our COVID policy.

We have decided to have the Parent Orientation as a virtual session this year, so please ask your Family Partner for the link, as everything has been recorded. We look forward to meeting all of you at some point throughout the year. Please feel free to contact us if you have any questions.

All centers will be scheduling Parent Meetings, during the month of September. Each Parent Group will elect two parents from each center to be members of the Policy Council. The Policy Council is a group of parents and community members that help plan, approve and provide guidance for our Head Start program. The meetings are held the third Wednesday of each month from 9:30-11:00, via Zoom. If you are interested in being part of the Policy Council, please let your Parent Group know so you can be elected to Policy Council! Our first meeting will be on Wednesday, September 28, 2022.

We are opening this year, fully staffed at Chester Community Preschool and the Children's Place Preschool. We are still looking to hire for the following positions: Teacher Associate for Pine Street Preschool/Willow Room, Teacher Associate for Northwood's Head Start, Teacher Assistant for Northwood's, Food Service Providers for both Children's Place Preschool and Northwood's Head Start and a Family Partner for Children's Place Preschool/Northwood's Head Start. Jen Tucker has decided her heart is in the classroom, so she returned as the lead teacher for Northwood's Head Start. Northwood's will only be open on Wednesday and Thursday's until we hire more staff. Beth Lutz has agreed to help fill in with Jen for the two days a week, so we are very grateful for both of them! If you know of anyone looking for a job, please send them our way! Here's to a great new program year!!

Enjoy the lovely fall! Lori Canfield Head Start Director

I have a great passion for the program and feel that we are able to make a difference in the lives of the children and parents we work with. Some of my favorite things include: reading, baking, spending time with my 4 grandchildren, Lilly,

Hunter, Julian and Moxley, traveling and camping with my husband and family.

Barbara Vandenburgh, Family/Community/Mental Health Services Manager

I received my bachelor's degree in Psychology, with a focus in Child Development. I also have my early childhood educator license in the state of Vermont. the all-star gym in my town ~ GO HEAD START!!

Heather Frye, Health and Nutrition Services Manager

My name is Heather Frye; I am the Health and Nutrition Services Manager at SEVCA Windsor County Head Start. This is my 16th year with the program. I graduated from Castleton State College with a Bachelor's Degree in Elementary Education with a Concentration in Early Childhood Education. I live in Cavendish, VT with my husband of

28 years. I have 2 sons, one who lives at home and my oldest son and his family just bought a home in Weare, NH. Rosalie Worden, Administrative Assistant

Hello, my name is Rose Worden and I am starting my seventh year at Head Start! My joy comes from spending time with my family and friends. You may see me cheering on my great-nephew at one of his high school soccer games - Go Wildcats! If you venture to

Maine, you may see me strolling the beach with my husband of 16 years. Other favorites include 80's music, reading mysteries and watching football: Go Pack!

Fran Lynggaard Hansen, Practice-based Coach/Child Development Support Specialist

Please may I extend a very warm welcome to both our new families and their children and our returning families and their children. We're so glad that you are here!

There are so many people who work behind the scenes with your youngsters at our Centers

besides their classroom teachers, whom you'll see every day. I have two jobs at Head Start. I help teachers reach their goals as a coach. Our program encourages teachers to

always be learning, growing and trying new and exciting teaching methods.

The other half of my day I have the privilege of working with your children at all our centers. I help kids and their families (along with the classroom teacher and others) with social, emotional and behavioral issues when they arise. I want to help your child have a calm, wonderful day filled with friends, learning, excitement and adventure. Everybody, no matter their age, has bumps in the road. I'm here to help smooth those bumps out. Adjusting ourselves to new situations is a part of our natural growth and maturity.

I have two children and two grandchildren, and have been a teacher for a long time. I've taught in the USA, but in the past ten years I've been a teaching principal, a preschool teacher, science teacher and classroom teacher with all age groups in China, Egypt, Kuwait, Sudan and finally Armenia. Covid-19 and a war in Armenia brought me home in February of 2021, and by May I was working at Head Start. How lucky is that?

Occasionally I'm invited into a classroom to tell stories about how baby giraffes learn to drink water, or sing a song in Danish, or speak with children about what it's like to ride a camel. I love kids and truly enjoy their good company and my job here at Head Start.

Of course, I enjoy speaking with adults too, so grab me at pick up or drop off and say hello! I'd love to meet you!

the child's mental health and development, she is available to support referrals, treatment planning, and evaluation.

Lara Peck, Registered Dietitian

Lara has been employed as a dietitian and diabetes educator for the past 20 years. She has been working in the area of nutritional counseling for individuals and group programs for a good part of that time. Most recently Lara has been trained as a wellness/health coach. Lara really enjoys helping individuals make lifestyle changes to improve their

overall health. Her practice areas of interest span the life cycle and include diabetes education, chronic disease management and wellness coaching.

HI! I am Jen Tucker, Lead Teacher at Northwoods Head Start. Darci has moved on to another adventure and I have decided that my true passion is in the classroom, so I will be headed back into the classroom. I have my Bachelor's Degree in both Psychology and Early Education and also have my Teaching License. In my free time, I love to read, camp and hang out at the pool in the summer. I live in White River with my Partner and kids. My son lives with his girlfriend in Chester.

I am so looking forward to getting to know you and your children! The month of September we will be learning all about your children and your families. October will be exploring safety and community helpers.

Feel free to reach out to me for any concerns. We will also be voting for Policy Council and setting up our first parent engagement activity. Stay Tuned to the outside board for news!

Beth Lutz, WRJ Teacher Assistant

I am always a mom with 5 children of my own. I get down on the floor to play along, but if joining in some great child directed play involves getting in a box or climbing a tree...I'm there! With less than a year in, I'm new to the Head Start way. I learn fast so I plan to go beyond Teacher Assistant. I'm not as young as most to this profession, but I'm confident that I have skills from age to make up for it. As we begin the 2022-23 year, I begin with a smile because I am teaching for the future. Still, I like to take it one

moment of learning alongside my youngest friends at a time!

Jen Tucker, WRJ and Windsor Family Partner

Things seem to be getting back to a "new" normal, as this year is starting off and children are settling in. Family Profiles have been sent back and I will be gathering resources and referrals for you based on your needs and interests. If there was something that you need that was not listed on the Family Profile, please feel free to reach out to me. As I am typing this I can hear the rain falling outside and know that we

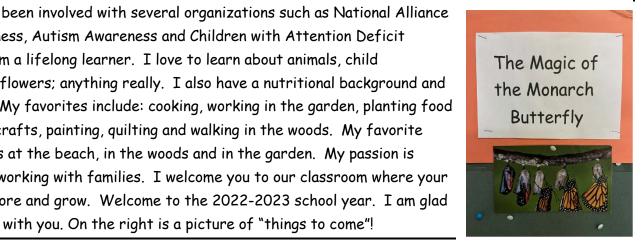

need this rain. I have seen that some of the leaves have changed already. Makes me think about Apples and Pumpkins. We will be having our first family meeting this month and will elect 2 people from each center to serve on our Policy council. I will be looking for ideas from families on what you would like to see in the coming months for parent meeting topics. Please let me know if you need anything and I will also be checking in with all of you every month as well as greeting you when I am at the centers.
